

VOL. 3 ISSUE 1 · JANUARY 2022

# PROJECT WORLD MISSION 9:22

Serving the World with the Love of Jesus

We were honored to host a community Christmas Banquet and serve 345 people from Tizate and San Cristobal Communities. The mission home was prepared with tables, chairs, linens, and centerpieces.

## Community Christmas Banquet 2021

Jorge and Franklin cook the chicken for the meal.

## Back to School in 2022!

Even though the children in Tizate have not had face-to-face instruction since March of 2020, they continue to pick up instructional packets from their teachers. We are hopeful the children will return to the classroom in February of 2022. Recently, Yesi and Jorge were excited to fill bags with donations of notebooks, paper, pencils, crayons, and erasers. Over 50 bags were distributed to the children while they were at the feeding center.

Over 1000 food bags have been distributed this past year.

## Tizate Feeding Center

Because of generous donations, the feeding center has been able to increase feeding the children in the community from once a week to twice. With the increase in feeding, we also have been able to provide employment for three ladies in the community twice a week. On a typical day, the feeding center feeds 50 children a hot meal which includes meat, rice or potato salad, beans, and tortillas. We are also super excited to share that new tables have been purchased for the feeding center!!

Giving out food to the different communities surrounding Tizate is a huge blessing. Not only are the people grateful for the food to help their families, but they also are excited to see familiar faces. Each bag costs around \$15 and is filled with rice, beans, coffee, sugar, mesaca, and other items.
